

Elgin Area Primary Water Supply System Master Plan Notice of Public Information Centre

The Elgin Area Primary Water Supply System (EAPWSS), through its consultant AECOM, is completing a Municipal Class Environmental Assessment (MCEA) Master Plan study to develop and assess a range of water servicing strategies to accommodate near, mid and long-term future growth, while maintaining the reliability and sustainability of the utility. See Map for existing infrastructure and member municipalities. A link to visit the project web page is provided below:

<https://www.huroneginwater.ca/lake-huron-primary-water-supply-system-master-plan/>

This MCEA Master Plan Study will document existing conditions, water demand forecasts, water modelling, and engage key stakeholders, the general public and Indigenous Communities and provide recommendations for the regional water system to address system growth and infrastructure needs to maintain levels of service.

The Process

This study is being completed in accordance with the Ontario Environmental Assessment Act following Approach #1 of the Municipal Engineers Association Municipal Class EA (as amended in 2020) Master Planning process. At the conclusion of the study, a suite of recommended projects will be identified including the MCEA Schedule (Exempt, Schedule B or C). This Master Plan being

completed at a broad level of assessment, therefore requiring more detailed investigations at project specific level for any recommended Schedule B or C projects.

A Virtual Public Information Centre (PIC) will be held on June 25th 2025, to introduce the study, present existing conditions, the alternative servicing strategies, evaluation criteria, and the servicing strategies including the associated recommended projects and schedule.

Date: June 25th, 2025

Time: 6:00 pm

Format: Zoom Webinar Presentation followed by a question period

To Register for this PIC please send an email request to: Paul.Adams2@aecom.com.

For more information or if you want to be placed on our project contact list for updates, please contact us at:

Marcy McKillop, P.Eng.
