

Lake Huron Primary Water Supply System Notice of Master Plan

The Lake Huron Primary Water Supply System (LHPWSS), through its consultant AECOM, has completed a Municipal Class Environmental Assessment (MCEA) Master Plan study to develop and assess a range of water servicing strategies to accommodate near, mid and long-term future growth, while maintaining the reliability and sustainability of the utility. See Map for existing infrastructure and member municipalities.

The Study documented existing conditions, water demand forecasts, water modelling, and engaged the general public, agencies and Indigenous Communities to provide recommendations for the regional water system to address system growth and infrastructure needs to maintain levels of service.

The Process

This study was undertaken in accordance with the Ontario Environmental Assessment Act following Approach #1 of the Municipal Engineers Association MCEA (as amended in February 2024) Master Planning process, which ends at the completion of Phase 1 and 2 of the MCEA process, providing a basis for future investigations for Schedule B and C projects. A Master Plan report has been prepared to detail the work completed and the recommended projects and studies that may be implemented over the 20-year planning period to the year 2046.

An electronic copy of the Master Plan report is available for a 30-day public review between October 28th and November 28th 2025, at:

How to get Involved

The Lake Huron Primary Water Supply System invites anyone with an interest in the study to review the Master Plan report and provide feedback. To provide feedback or request more information please contact us at:

Marcy McKillop, P.Eng.

Environmental Services Engineer
Regional Water Supply
Lake Huron and Elgin Area Primary Water
Supply Systems
235 North Centre Road, Suite 200
London ON, N5X 4E7
Tel: 519-930-3505 x4976
Email: mmckillop@huronelginwater.ca

Paul Adams, CPT

Environmental Planner,
AECOM Canada ULC.
250 York Street, Suite 410
London ON, N6A 6K2
Tel: 519-636-6448
Email: paul.adams2@aecom.com

Comments and questions can be received until November 28th 2025.

The personal information submitted in relation to this Master Plan is collected under the authority of the *Municipal Act*, 2001, S.O. 2001, c.25 and will be reviewed to provide subsequent Master Plan study development, communications and events. With the exception of personal information, all comments will form part of the public record for this Master Plan in accordance with the Municipal Class Environmental Assessment, which is a planning process approved under Ontario's *Environmental Assessment Act*.

Questions about this collection should be addressed to Marcy McKillop, Environmental Services Engineer at 235 North Centre Road, Suite 200, London, ON N5X 4E7. Tel: 519-930-3505 ext. 4976, email: mmckillop@huronelginwater.ca
